Letter from our Chairman

Dear Friends and Supporters of Ukrainian American House,

As the Chairman of the Board, it is my honor to present to you our annual report for 2024. This was a year of challenges and grinding resilience, passing the 1,000-day mark of the Russian invasion, and also a year of significant progress, organizational maturation and unwavering dedication to our mission of supporting the Ukrainian community of the Sacramento region and fostering strong ties between the United States and Ukraine.

Reflecting on Our Achievements

Over the last twelve months the Ukrainian American House has broadened and intensified our advocacy and refugee assistance programs, rallying to meet the challenges brought by the ongoing conflict. We have worked alongside fellow organizations to provide resources to displaced individuals and families seeking refuge here, in North California, and those directly affected by the war in Ukraine. Through fundraising, public awareness campaigns, and political engagement, we have contributed to efforts aimed at securing continued assistance for Ukraine, both diplomatically and through direct aid. Our commitment to empowering the Ukrainian diaspora has never been stronger.

Building Bridges

One of our core goals this year was to strengthen the bonds between the American and Ukrainian business communities. We hosted several successful business forums and networking events, creating opportunities for collaboration and investment, providing a fertile ground for fostering deeper economic ties between the two communities, and deepening the cultural understanding and friendship between our nations.

Community Engagement

Our outreach programs in the Sacramento region and beyond have continued to thrive. We have hosted and facilitated cultural festivals, educational workshops, and community gatherings that celebrate Ukrainian heritage and traditions.

These events have brought people together, fostering a sense of belonging and pride in our shared heritage, and camaraderie in our shared struggle.

Looking Ahead

As we look to the future, we remain committed to our mission of support, advocacy, and community building. The challenges we face are significant, but our resolve is unshakable. We will continue to stand by our community here, and our former compatriots in Ukraine, advocating for their rights and freedoms, and working tirelessly to ensure a brighter future for all.

Gratitude

I would like to extend my heartfelt gratitude to our dedicated board members, ambassadors, team members, volunteers, donors, and partners. Your unwavering support and generosity have been the cornerstone of our success. Together, we have truly made a difference, and together, we will continue to build a stronger, more resilient Ukrainian American community of Northern California.

Thank you for your continued support and commitment. Here's to another year of impact and progress!

Sincerely,

Jay Tkachuk

Chairman of UA House

Raising Awareness: The initiative motivated individuals to use their voices and platforms to raise awareness about the crisis. Participants shared information on social media, engaged in discussions, and encouraged others to learn more about the war.

Staying Informed: We encouraged participants to stay updated on the situation in Ukraine by following reliable news sources. This focus on information helped individuals understand the complexities of the conflict.

Donating to Humanitarian Organizations: We introduced followers to reputable humanitarian organizations providing essential aid to those affected by the conflict. Many participants made donations, significantly impacting the lives of displaced individuals and families.

Advocating for Diplomatic Solutions: The program educated individuals on how to reach out to elected representatives to support peaceful resolutions. We provided templates for letters and guidance on how to participate in advocacy campaigns.

Promoting Cultural Exchange: The initiative supported cultural exchange programs that fostered understanding and solidarity between the people of Ukraine and the international community. These efforts helped build connections and promote mutual respect during challenging times.

Ukrainian Children's Books

The forced mass exodus of Ukrainian citizens abroad following the Russian aggression has had a significant impact on the interest of foreigners in learning the Ukrainian language. Within a few months, the language has become one of the most popular European languages, leading to a considerable increase in its global rating.

19,700 copies of bilingual children's book were distributed

The significance of learning the Ukrainian language goes beyond just a trend. It is a reflection of the desire to embrace and carry forward Ukrainian culture and values. By learning the language, individuals can gain a deeper understanding of the country's rich heritage, traditions, and customs. Furthermore, it represents a means of self-identification as a Ukrainian, and an opportunity to connect with the vibrant Ukrainian community both within the country and abroad.

That is why we supported the printing and distribution of almost 20,000 books in the U.S. and in Poland.

Advocate for Critical Aid Petition on Change.org

Russia's continual aggression against Ukraine is a direct threat to global security. This initiative quickly gained traction, **amassing over 35,000 signatures**, underscoring the widespread recognition that support for Ukraine is not merely humanitarian assistance but a vital investment in global justice, security, and peace. The petition reflects a growing awareness that aiding Ukraine is crucial for stability not only within its borders but also in the broader international community.

"It's shameful that we're withholding critical support for an ally during wartime over domestic politics, damaging our reputation and showing that we can't be relied upon to provide aid in the future. How does this look to Japan, Taiwan, or the ROK with China posturing in the region? We risk alienating our allies and, if you want to be cynical, this provides people with incentives for focusing more on domestic issues programs which will reduce our exports. Not providing aid will

August 28th

Meeting with Congressman Kevin Kiley

On August 28, 2024, Ukrainian American House, in collaboration with the Sunflower Society, met with Congressman Kevin Kiley to discuss critical issues for Ukraine. We emphasized the impending expiration of the Presidential Drawdown Authority (PDA) and the "Stand with Ukraine Act," which seeks to reaffirm U.S. support and facilitate Ukraine's NATO membership. We urged Congressman Kiley to support these initiatives and advocate for policy changes that would permit Ukraine to use U.S.-supplied weapons against legitimate military targets in Russia.

Congressional Recognition from Congressman Kevin Kiley

UA House proudly received a Certificate of Congressional Recognition from Congressman Kevin Kiley, honoring our efforts in hosting the Ukraine Independence Day Rally. This recognition, issued by California's Third Congressional District, underscores our continued commitment to supporting the Ukrainian people through humanitarian aid, economic assistance, cultural initiatives, and educational outreach. **The certificate serves as a testament to the vital role UA House plays in strengthening the bonds between the Ukrainian American community and the broader public, as well as our unwavering dedication to standing with Ukraine in this challenging time.**
